

## Quarter # 4 Chemistry 2022-23

### Homework assignments

*Labs are due the week after performed. CC's and Review must be turned in at same time or before the test they are for. Late tests and labs = 10% off per week late.*

#### **Week 1 April 11 in class >> Ch 14 Lab 9.4 Lab 14.1**

- Write up lab 14.1
- read pgs 430-445 (you should have already read first half of ch 14) do CC's
- Start on a one page footnoted paper on one of the Historical Chaps in the text. Don't just use the information in the text. I want something on how the scientist's faith informed what he did/learned/discovered as well as his contribution to Chemistry.

#### **Week 2 April 18 In Class >> 2<sup>nd</sup> half ch 14 Lab 14.2**

- write up lab 14.2
- Do review 14
- Study for and **take test 14**
- Read first half of ch. 15 doing CC's as you get to them

#### **Week 3 April 25 In Class >> Ch 15 and lab 15.1**

- Finish reading chapter 15 & finish CC's
- Write up lab 15.1
- Finish that paper you started on week one.

#### **Week 4 MAY 2 In Class>> Ch 15 and lab 15.2**

- Do review ch. 15
- Study for and **take test 15**
- Write up Lab 15.2
- Read first half of ch. 16

#### **Week 5 May 9 In Class>> Ch 16 and lab 16.1**

- Write up lab 16.1
- Finish reading ch. 16
- Do CC's as you get to them

#### **Week 6 MAY 16 In class>> Ch 16 and labs 16.2 and 16.3**

- Do all review
- Study for and **take test 16**
- Write up labs 16.1 and 16.2

#### **Week 7 May 23 In class>> review for final exam.**

- Write up lab 12.3
- Do review ch 12
- If anything is undone or not turned in this is your **LAST CHANCE ! get it done or it WILL get ZEROS. May 30 is your last day to turn in late work**
- **STUDY FOR final exam**

#### **Week 8 May 30 In class>> test over last half of the book**
