**\*\*Parents please note: Next week is the last week of the quarter. Students must have all work in by 1/23/24 or will have to attend the 9<sup>th</sup> week for make-up work.\*\***

**Assigned 1/23/24**

**BIOLOGY - ASSIGNMENT SHEET**

Read: pg. 322-343 in your text.

Complete: \* On Your Own questions 8.7-8.15

\* Study Guide questions 10-20

\* Chapter 8 test will be assigned next week

\* Choose the topic for your Expelled project and email it to Mrs. g

"Expelled" assignment - Once you've chosen a topic from the video we watched, you need to further research that subject and create a project to convey the info you learned from your research. Choices for this "form" can include a display board, a timeline, a collection of articles with your review & response, a written report or even a presentation. Use the notes you took in class and the sample projects I showed you to guide you as you put your project together. Whatever topic you choose, you must cite at least 3 sources other than the movie. There must also be a portion in which you take some of your gathered information and put it into your own words. Also, be sure to include your views on the subject. This is not a cut and paste project! This project is due Feb 6<sup>th</sup>.

**Parents please correct** - on your own questions
