Assignment due Tuesday Dec 17:	<p>– Using an entire page in your sketchbook, outline with a pencil all the shapes you see from largest to smallest. You will use this outline to begin painting on it next week. Using a “grid method” with your mind, you can draw a landscape proportionally, by dividing the scene by the shapes you see. You can see and draw how and where each smaller shape fits into the larger shape around it.</p>		

Parents, with your signature below, you verify that you have reviewed the week's-worth of work your child has completed.
